BRAINSTORMS

With Ferrin Cox

Bret Scarbrough was hit by a car Friday afternoon while riding his bicycle. He underwent surgery Saturday for damage to his elbow. Here is a young man who has participated in bike races across the U.S., in Belgium, The Netherlands and Italy without a scratch. A 50 mile bike ride is something he does with regularity and as easily as some of us walk around the block. Yet Friday he was hit by an automobile less than a half mile from his parents home in the Brookdale area where he spent the first 18 years of his life. He is alive but plans for him and his wife to return to Belgium and bike racing are on hold - possibly forever because of the injuries he suffered Friday.

The formal celebration of Farm-City Week in America continues to involve more and more people aware of the benefits one is to the other. Last week was no exception. That is what it is all about.

Today (Thursday) is Turkey Day. It marks the beginning of that period of overeating which last through Christmas. We have promised not to be too fat. We will eat a little of this and a little of that ... but we have vowed not to make ourselves sick from overeating.

This year almost bought the farm Friday afternoon. We have a horror of those crossroad intersections with the blinking lights, etc. and the feeling is justified. We always ease off on the gas and have our foot poised on the brake pedal when a vehicle is approaching from one of those side roads. A car pulled up, stopped and then proceeded to pull out across our lane. We squealed brakes, looked for an opening, etc. Fortunately there was no other vehicle meeting us on the main road. At one time our thoughts were, "should we hit him at the front or the back?" When we did stop, we were in the middle of the intersection and the other driver was looking at us until after we moved. It was only after we drove on and started smelling the burning rubber that we got that sick feeling in the pit of the stomach. It lasted for at least the next 30 minutes. We will continue to be careful at those crossroads and urge our readers to do the same.

Postmaster Bill Burdall called our hand last week. He couldn't use conventional math and figure out how we multiplied \$800 by five and got \$4 but the \$800 but failed to understand the three zeros we mentally put on the \$800 but failed to type into the machine. Actually some of his co-workers privately admitted they had already figured out the problem but Burdall never did admit that - he just wanted us to forgive some of the misreported mail we have found in our mail box!

The Indians of Alabama decorated even their simplest objects. From their rugs to their bodies, all were covered with beautiful designs. Students in Mrs. Roberts' class made Indian pottery and other artifacts while studying Alabama History. JAMES BESS is shown preparing to dispose of the remains of a deer some thoughtless hunter threw off the bridge near his home. Bess said he first noticed buzzards in the trees Monday morning and went to investigate. There in Hayes Creek was a plastic bucket with the head, hide and entrails from a young male deer. Bess said he wished people disposing of such would be more thoughtful of those who live in the area and find somewhere else to throw their bucket full of garbage. It should also be noted that when killing the deer, there was no way the hunter could have known he was shooting a buck, as there were no antlers, only two little bumps where they would have grown next year.

We get letters

Dear Editor,

After having read your article covering the meeting of The Concerned Citizens of Coffee County, I feel that it is my responsibility to address them and this is the best medium in which to do that.

I have tried to represent ALL the citizens of District I and this certainly applies to many at this meeting. I commend them for wanting to gather the facts. There is no benefit in basing conclusions on hearsay, rumor and half-truths. I have and will continue to do this, as I have gathered facts from meetings at Ozark, Montgomery, Troy, New Brockton, Elba, Enterprise and Huntsville and by listening to federal, state, and local officials from all over Alabama. I have interviewed engineering firms and waste collection companies. Much of this I did at my personal expense, with absolutely no other motive than to serve the people who elected me and placed their trust in me. I hold this trust in the highest regard and have never betrayed it for any reason or anybody.

Having said that, let this group know that I will help in any way to gather any information they feel would be beneficial. I will come and talk with them individually or as a group if that would help, but please don't call me with accusations and opinions which have no basis in fact and DO NOT THREATEN me with your vote. My being re-elected is not nearly as important to me as is doing what is right.

In conclusion, I am truly sorry that I have had any part in your being troubled and worried about the location of the proposed landfill, in so much as I have not conveyed to you the necessity and safety of our having a permitted landfill site. However, I have in no way betrayed you and the facts will bear that out.

Yours truly,

Jim DuBoise
County Commissioner, District One

Dear Editor:

Traditionally, Thanksgiving is a time to give thanks when the harvest is in. Goodwill is harvesting all year around - harvesting our most valuable resource - people, people with disabilities. And this Thanks - for giving month, Goodwill is thanking you for your support during the past year.

Through Goodwill Industries, disabled people can learn job skills by processing the used clothing and household goods which you and other citizens give to Goodwill. They learn other skills and earn wages through sub-contracts which businesses and industries grant to Goodwill.

Many opportunities are available to them because of your donations to Goodwill. Thank you!

Sincerely,

Libby Walraven
Public Relations Director

Coffee County Arts Alliance Announces 1991-1992 Season

The Coffee County Arts Alliance announces its 1991-1992 Season of Events which promises to be an entertaining and exciting series. Opening the 18th season on December 5th, Ballet Mississippi will present "The Nutcracker". The professional dancers of Ballet Mississippi and fifty county children will combine talents to bring Peter I. Tchaikovsky's beloved Christmas fantasy to life on stage. Coffee County angels, fairies, mice, maids and cooks - along with Clara and her Nutcracker Prince are sure to put you in the timeless and beautiful ballet.

On the 16th of January, the Pulitzer Prize winning play "Driving Miss Daisy" will be presented at the Enterprise High School auditorium. Set in Atlanta, this is the touching and funny story of the friendship which develops between an elderly and wealthy southern lady and her black chauffeur. Coffee County Arts Alliance is proud to present the play which captured the Academy Award and the hearts of audiences all over the world.

The internationally renowned Ink Spots will be performing on February 22, 1992. The Ink Spots have hypnotized worldwide audiences since 1932 with their unique style and sensational stage presence. These four elegant gentlemen project high energy and consummate professionalism in every show - establishing the Ink Spots as living legends of American music and entertainment.

The First Baptist Church, Enterprise, will be the setting for a dual concert by Philip Auerb and The

Modern Mandolin Quartet. Pianist, composer Philip Auerb plays boogie, blues and his own evocative music inspired by the high plains of his home state, Montana. Called "the most American" of new composers, Auerb wows audiences with a powerful performance and laid back wit.

The Modern Mandolin Quartet explodes the traditional boundaries for the mandolin by playing music originally written for piano, guitar, string quartet or orchestra, balancing the original melodies with string-hand rest. A spectacular, foot-tapping finale concert featuring exciting Windham Hill artists!

Finishing the season will be the 18th annual Piney Woods Arts Festival, April 11-12, 1992. This festival is free to the public and takes place "under the pines" at Enterprise State Junior College.

Distinguished visual artists, craftspeople, quilters, performing artists, home-made goodies, and children's activities - make Piney Woods a highlight of the spring.

Various subscription categories are available for season tickets. All season subscribers benefit by advance ticket mailout; no waiting line. Your tickets for all performances will be mailed to you in advance of the season. New this year for Benefactor and Patron subscribers will be reserved seating.

As we enter the 18th year of our existence, the CCAA is grateful to all subscribers and corporate donors who have helped establish a Performing Series of the highest calibre.

Enjoyable Holiday Recipes To Share With Someone

By Sandra Coffey
County Agent

As the holidays approach, be mindful that children can prepare gifts of food for their teachers. Following are two recipes I have enjoyed over the years.

SPICED TEA MIX
2 C. powdered Orange drink mix
3/4 instant tea
2 small pkgs. lemonade mix
1 1/4 C. sugar
11 cinnamon
2 1/2 cloves
1/2 tsp. allspice

Mix well and store. To use: place 1 to 3 teaspoons in a cup. Add boiling water and stir.

HOT CHOCOLATE MIX
8 qt. pkgs. dry milk powder
1 lb. box instant chocolate drink mix
6 oz. jar coffee creamer
1 1/2 C. powdered sugar

Mix all the above well and store in a large mouth jug or similar container. Keep tight. Do not refrigerate. To serve use a tablespoon or a dipper like in lemonade mix or coffee measure. Use 2 or 3 cups as they dance this timeless and beautiful ballet to help put you in the Christmas spirit!

After greeting Miss Grummer, the bride to be, Mrs. John Robert Smith, mother of the groom, and Mrs. James Thomas, maternal grandmother of the groom, the guests were directed to the dining room. Miss Tara Rhoades presided over the refreshment table. The table was covered by a white cloth and a centerpiece of silk and parchment flowers was used. A variety of delicious finger food was offered to the guests along with punch from a beautiful silver punch bowl. After refreshments, the guests viewed the many and varied gifts given to the young couple by family and friends. A Microwave
Course Taught

by Randy Jackson
Home Economics classes at Zion Chapel High School, ordinarily taught by Mrs. Joan Hobbs, have just completed an eight-week microwave course taught by Mrs. Barlow from the Coffee County Extension Service. Not only did the students learn about microwaving but also good nutrition habits. It began and concluded with a food recall which allowed students to review their own eating habits.

Not only were there demonstrations, students were allowed to sample the food prepared. Mrs. Hobbs said, "Some students were not really fond of particular kinds of food early in the morning, but all were very cooperative and willing to try each of them."
Mrs. Barlow used videos to reinforce microwaving techniques as well as good nutrition. The videos used snappy captions and interesting titles.

Fourth Graders Write "Tall Tales"

by Lanette Sanders
Zion Chapel fourth grade class had the advantage of using their own imagination.
Mrs. Sutley, Zion Chapel's fourth grade teacher helped the students write "tall tales" a story which is an exaggerated story where they used informal speech.

The purposes of the assignment was to give the students a fun job to do, to see how well the students could use their writing skills, and to see the extent of each child's imagination.

Mrs. Sutley picked the "tall tale" of Justin Law for publication. "The Spring Rain" is printed below.

The spring rains never came and it's so dry that everything turned to dust.

My two-year-old son, Tony, had been in a coma three years. The family had been short on food and I'm up to my neck in bills. I'm just beginning. I'm almost on my death bed, and my family is in a hole and can't get out. Poor, poor me!

My two rich, stingy sisters ain't gonna loan me no money. Ye Carment and Margan, then old rascals. I thought it was over - the fat lady had sung. But, then all of a sudden - Bang! Snack!!! I had this strange thought, so I looked outside at the dust. I could use dust to make money! I was watching a commercial about the Florida Lottery. I could make the money, then buy the tickets. I'd be richer than five presidents. But my dreams were shattered by the ring of the doorknob. It was the tax collector, Jennifer.

"Well Mr. Law, this time you gave me a ton of money," Looks like I'm going to be in the slammer the rest of my life. I crossed my fingers, grabbed a horseshoe, and hoped for a miracle. I was luckier than an oyster in the looks of things, this season could turn out successful.

TIGER TIME

by Melissa Maddox
The basketball teams showed everyone that they are Tigers last Tuesday night. After some pessimistic predictions the B-team and the varsity traveled to Keshbott to prove them wrong. They did more than just "show up," they came home victorious.

The Rebels fell to our B-team 49-19, and the varsity Tigers won by a score of 88-75. Both games were very exciting, and both teams seemed strong. By the looks of things, this season could turn out successful.

Student asked, "What are you most thankful for?"

by Delisa Blair
The Tiger Tales staff conducted a survey recently. The 7th, 9th & 11th grades were asked to name the three things they are most thankful for. It was interesting to note that in all three grades "family" was named most often. The 7th graders named "life and God" the next most often. The 9th graders and 11th graders named "friends and God" the next most often.

Other things named, but less often, ranged from "no more tests" to "dear season". One easily recognized list was Greg Thigpen's. He was thankful that he "will be able to play football next year."

Why Magic Johnson

by Marcus Tyson
Why Magic Johnson? If you had your choice as to whom you thought had AIDS, I doubt that you would have said Magic. There is more bad than anything else in this situation. Magic Johnson has the AIDS virus. AIDS is a fatal disease that breaks down one's immune system. There is no cure for AIDS, but there is hope for Magic. His virus is still dormant.

magic announced on TV that he contracted the disease from associating with numerous women after games, and the fact that his new wife is pregnant doesn't help the problem very much.

On the bright side of all this, he's sending out a very important message. Just because he caught AIDS, it scares everyone. Magic is a superstar and if he can catch it, why can't you catch it? You can, and that's why so many foundations are begging him to be a spokesman for them. Magic agrees with them 100%. He wants to spread the news about the virus, so he can't help as many people as possible.

It's good that we have people like Magic in our world today. He's the ideal American. If something knocks you down, get up and walk again.

by Eric Simmons

She received her B.S. degree from Alabama A & M University and her M.S. degree from the University of Alabama.

She teaches Keyboarding I and II and accounting. She is also the sponsor of the Future Business Leaders of America (FBLA).

Mrs. Clark fondly remembers her first day. She said "It was very challenging. I was nervous and afraid. However by the end of the day, I saw that the students were very kind and mannerly and were eager to learn how to type. I enjoy seeing students gain and master a skill."

Many of Mrs. Clark's students have grown to love her for her charming appeal. Everyone will agree that she has an uncanny knack for saying, "Eyes on the book" and "Fingers on homeword keys."

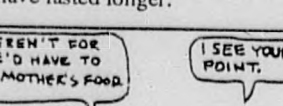

She says that she has enjoyed her 19 years here at Elba High School. She said, "I have seen many good and bad days. I have experienced happiness and sadness. However, through all that has happened, there have always been those students and faculty who have smiled and somehow 'pulled me through.'"

We thank you Mrs. Clark for your dedication.

Senior Citizens Of Cordelia Street Meet

Thursday, November 21, was the date for the Thanksgiving dinner of the Senior Citizens of Cordelia Street. Even though it was cloudy and rainy, we were so thankful for the good rains. We had a new kitchen, plenty of space, and much visiting and catching up on the news. We are proud of our center on Factory Street and quite a few citizens of Elba found where we are. We have had donations of paint for the inside and we hope to get busy on painting soon. We would like to thank the members of the Elba Street Department, and those who are a part of the city government. Some of the members played dominos, but most just sat and visited. Some of the members were sick and couldn't come.

Jeremiah 29: 11-13 Lost Without Directions

"Lo, I am with you always..." (Matthew 28:20)
In her book, "A Slow and Certain Light," Elizabeth Elliot tells of two young adventurers who came to see her in Ecuador. The two men were on their way to the rain forest east of the Andes. Both were weighed down with huge packs of equipment - most of it more inconvenient than helpful. When they arrived, they didn't want her evaluation of their trip. All they wanted were a few phrases of the Indian language. They were certain this was all they lacked to go. He was fully prepared for their journey. She writes: "Sometimes we come to God as the two adventurers came to me - confident and, we think well equipped. But it has occurred to us that with all our accoutrements of stuff, something is missing. Perhaps a road sign would help. Something quick and easy to point the way."

What we really ought to have is the Guide Himself. Maps, road signs, and a few useful phrases are good things, but infinitely better is someone who has been there before and knows the way. You and I want all the maps, guides, and compasses we can get our hands on as we plan our journey into marriage, a career, or a family. Maps and guidebooks are fine. But, when the sky grows dark and the path gets rough, our best resource is the Guide Himself. It is His presence that makes the real difference between acceptance or anger, hope or despair. Jesus Christ has been there ahead of us. He knows the way. He understands the journey and, what's more, He offers to walk with us through it all.

Have you ever stopped to ask for directions, and found yourself more confused than before? You wish that person would say, "Follow me. I've headed in that direction." Jesus said virtually the same thing in John 14: 5-6. Did Jesus say He was only one way among many ways? Or is He the only way. Thank your Lord right now that He does not just hand you a road map and say "good luck!" He offers you Himself!

THE PRESSBOX

By Ricky Mularz, Sports Editor

The Christmas tree went up at the Mularz house over the weekend, much to the delight of the kids, and much to the dismay of Kathy, who had to dig out the tree, test all the lights and try to hang up the decorations with her two-year-old doing her best to help. I'll admit that the ordeal of putting up the tree doesn't do much to put us in the Christmas spirit, but once it's up, the spirit does begin to grow!

ELBA BASKETBALLERS WIN OPENER OVER REHOBETH

The Elba Tigers opened the Danny Foster Era with a bang last Tuesday night by outscoring the Rehobeth Rebels 88-75, in Rehobeth. The Area 2 rivals swapped buckets early in the opening stanza, but the Tigers, behind a six-point lead, burst by Alex Magwood, went on a 10-1 tear over the next three minutes. With 3:40 left in the stanza the Tigers were in command with a 14-5

bulge. Rehobeth refused to let Elba pull away however and used the hot shooting of Bruce Adkinson to rally and catch the Tigers at 18-18 by the end of the stanza. The teams swapped buckets for much of the second quarter and the Rebels moved on top 27-26 with 3:46 left in the half on a long range

shot by Adkinson. Elba regained the lead at 31-29 with 2:01 left in the half on a basket by Nick Whitfield. They used the shot to pull out to a 39-33 halftime advantage. Goosby scored the Tigers' first six points of the third quarter as the Tigers increased their lead to 45-37.

Elba Junior Tigers pound Kinston 60-48

The Elba Junior High Tigers upped their record to 2-0 last Monday night by pounding the Kinston Junior Bulldogs 60-48, in Elba.

Elba Tigers outscore Rehobeth 88-75

The Elba Tigers opened the Danny Foster Era with a bang last Tuesday night by outscoring the Rehobeth Rebels 88-75, in Rehobeth. The Area 2 rivals swapped buckets early in the opening stanza, but the Tigers, behind a six-point lead, burst by Alex Magwood, went on a 10-1 tear over the next three minutes. With 3:40 left in the stanza the Tigers were in command with a 14-5

bulge. Rehobeth refused to let Elba pull away however and used the hot shooting of Bruce Adkinson to rally and catch the Tigers at 18-18 by the end of the stanza. The teams swapped buckets for much of the second quarter and the Rebels moved on top 27-26 with 3:46 left in the half on a long range

shot by Adkinson. Elba regained the lead at 31-29 with 2:01 left in the half on a basket by Nick Whitfield. They used the shot to pull out to a 39-33 halftime advantage. Goosby scored the Tigers' first six points of the third quarter as the Tigers increased their lead to 45-37.

Elba Junior Tigers pound Kinston 60-48

The Elba Junior High Tigers upped their record to 2-0 last Monday night by pounding the Kinston Junior Bulldogs 60-48, in Elba.
